Introducing Dania Connect AB: A Name Change Marks a New Identity

The Dania Group's recent acquisition of Sweden's largest transporter of shipping containers, GDL Sjöcontainer AB, has led to the need for a new shared identity and brand. As we embark on this exciting journey to strengthen our presence in the Scandinavian market and enhance our service offerings, we are proud to announce our new identity.

As of November 1st, 2023, GDL Sjöcontainer AB is officially Dania Connect AB.

Dania Connect AB, formerly GDL Sjöcontainer, has long been a trusted name in the Swedish transport industry. The company specializes in transporting shipping containers and connecting Swedish container ports and domestic depots with overseas destinations. Our unwavering commitment to value-for-money solutions, quality service and the continuous development of digital- and ESG-related solutions has always defined our work.

While Dania Group's acquisition of GDL Sjöcontainer was a key milestone, the core of this transformation lies in our commitment to develop and embrace a new identity that represents our shared vision and goals. Dania Connect AB reflects our renewed dedication to excellent service and our vision for the future.

To realize this transformation, we are proud to announce our new Swedish website, www.daniaconnect.se. Our online presence now aligns with our new identity and provides an enhanced digital experience for our customers and partners.

We can assure that our commitment to provide the same high-quality service remains unchanged. Dania Connect AB will continue to serve our customers with the same services under the same management and organization.
